MESSAGE FROM OUR CHAIRMAN

Welcome to Enbaar Technologies, where we're dedicated to shaping the future through sustainable innovation. Our commitment extends to our people, communities, and the environment.

With a focus on efficiency and sustainability, we offer tailored solutions to meet our customers' needs while minimizing resource usage. Sustainability is at our core, driving us to lead change through collaboration and cutting-edge technology. Enbaar is a community united by a shared vision, empowering our employees and embracing diversity.

Together, we're embarking on a transformative journey, inviting you to join us in seizing abundant opportunities and shaping the destiny of our industry. Thank you for your support and belief in our mission.

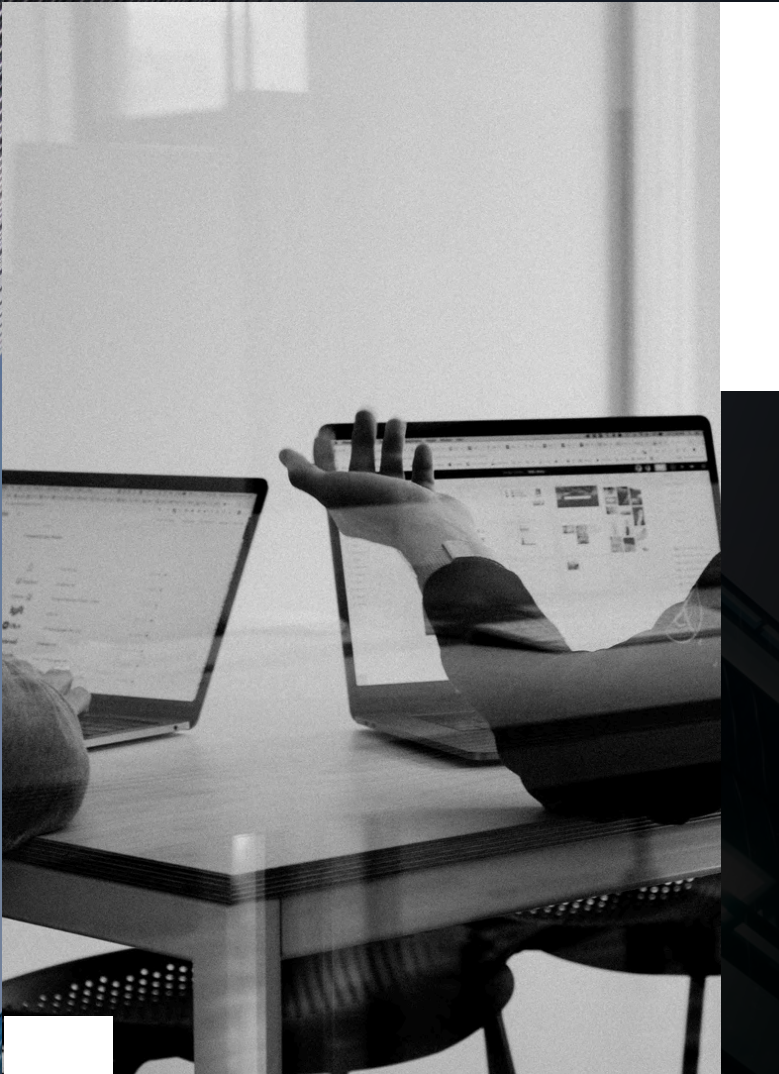

Warm regards,

Mohamed Abdullah Al Hasni
Founder, Enbaar Technology services

ABOUT US

18 Years of Excellence in Empowering Digital Solutions

Established in 2006, Enbaar Technology Services has been a trusted partner for individuals, private enterprises, and government institutions, offering simple and intelligent IT solutions.

Our success is built on customer trust, delivered by a dedicated team committed to transparency, exceptional service, and innovative solutions to meet evolving needs.

VISION

To be the leading service provider in the IT sector and to extend our experience in Converged Technology Systems to all major verticals across Oman, profitably and to the advantage of our clients & suppliers.

MISSION

We believe in serving our customers with a consistently high level of quality service while creating and maintaining an environment in which employees flourish to the best of their abilities. The ultimate goal is to create an outstanding brand value for our end users.
